

AP 630

Enterprise-grade 4x4, 4-stream, 802.11ax Access Point
with integrated antennae

AP 630

The AP630 is designed for high performance environments, combining the latest in Wi-Fi standards (IEEE 802.11ax technology) with Aerohive's HiveOS software and HiveManager network management system.

AP630 also enables IoT readiness with built in BLE and USB port.

Solving Real World Problems

AP630

- **High performance indoor environments** with HD video streaming, large file transfers and HD video collaboration applications.
- **High client density environments** where most/all clients are 802.11ac or newer.
- Environments expecting to use **Voice over Wi-Fi** in addition to data.
- Environments expected to use **IOT applications** like BLE at deployment or in the future

Hardware Specifications

- 4x4:4 802.11ax ready Access Point with integrated antennae
- Support for 802.11ax
- 2x 1G Ethernet ports
- Built in BLE for iBeacon and beacon management applications
- USB support for future IoT use cases
- Console port for CLI access

Physical

- Dimensions: 225mm X 225mm X 37mm
- Weight: 240g
- Shipping Physical Dimensions: <coming soon>
- Operating Temperature Range: 0°C to 40°C
