FEATURE HIGHLIGHTS

If you work outdoors or on a construction site, you need a smartphone that's resilient and strong, resistant to vibrations, dust, water, high temperatures and on-site falls.

You also need a phone that's fast and functional for work purposes.

Ideally you want it to look good too.

Too much to ask?

Not with the new Cat S40 smartphone, which ticks of all of these boxes, and then ticks a few more you never thought of.

ENJOY THE SUN

Specially built for optimal functioning outdoors, the S40 boasts enhanced audio quality and our ultra-bright screen means it is viewable in even the harshest daylight. It also features the largest capacity battery of any of our phones, perfect for working long hours on site.

THE GLOVES ARE ON

Ideal for outdoor and construction workers, the S40's sophisticated touchscreen is configured with glove-on working* and wet-finger tracking technology.

* We cannot guarantee that all gloves will work with this feature.

STRONG AS STONE

Impervious to dust, high temperatures and multiple 6ft drops onto concrete, you can trust the S40 to stand up to the harshest environments.

SINK AND SWIM

The S40 is IP68-certified – Catphones highest possible rating for water protection. It can withstand prolonged immersion and has watertight sensors, one of our newest innovations. It's the smartphone that can sink and swim.

FAST AND FURIOUS

With the S40, resilience doesn't come at the expense of functionality. Featuring 4G LTE internet, ultra-fast data, NFC, GPS, a 4.7" qHD screen and a dedicated, industry relevant apps store, the S40 is the epitome of high performance.

RUGGED GOOD LOOKS

The S40 isn't just practical, hard-wearing and highly efficient. It redefines the rugged phone by looking great too. It's rugged and refined.

CAT® PHONES ARE BUILT TO FIT YOUR LIFESTYLE.
