

JABRA LINK™ 14201-40

Electronic Hook Switch
Solution for Panasonic
phones

The Jabra Link 14201-40 enables remote Electronic Hook Switch Control (EHS) with Jabra wireless headsets and the Panasonic IP Deskphone KX-NT553 & 556 and Digital Deskphones KX-DT543 & 546.

Jabra wireless headsets with EHS functionality boost productivity as they provide the user with the ability to answer and end a call, while away from their desk.

THE EHS ADAPTER ALLOWS THE USERS TO

- Hear ring tones
- Answer and end calls
- Mute the microphone

All from their headset and quite convenient, when they are up to 150 meters/450 feet away from their desk. The integration of desk phone and headset allows users to benefit from enhanced mobility and the ability to multitask while on a call. The wireless freedom improves work efficiency and ergonomics throughout the day.

HOW IT WORKS

The Jabra Link 14201-40 converts from the EHS standard used in Panasonic phones to the Jabra IQ™ standard used in Jabra headsets – and vice versa.

COMPATIBILITY

The Jabra Link 14201-40 is compatible with the Panasonic IP Deskphone KX-NT553 & 556 and Digital Deskphones KX-DT543 & 546 and most Jabra wireless headsets. For more details see the specifications on page 2.
