EARPHONE KIT

With SureFire Patented EarLock[®] Retention Rings and Noise-Reducing Filters

NEW!

Sliding switch on noise-reducing filter allows user to control situational awareness

- Patented noise-reducing filter allows communications transmission while maintaining situational awareness
- 21dB ambient noise reduction rating (NRR) with noise-reducing filter closed
- Impulse noise including gunfire and explosions reduced to safe levels with noise-reducing filters open or closed
- Tethered second earpiece provides hearing protection and situational awareness
- Requires no batteries
- Easily worn with most hats and helmet systems
- Replaceable SureFire earpieces available
