for Business

Experience Excellent Sound and Voice Quality with BTD 800 USB ML

BTD 800 USB ML

 **SENNHEISER**

BTD 800 USB ML

The BTD 800 USB ML is a PC dongle designed to work seamlessly with a range of Sennheiser Bluetooth® headsets.

Certified for Skype for Business

Together with the BTD 800 USB ML, Sennheiser MB 660 UC MS, PRESENCE™ UC ML and MB Pro UC ML headsets provide you with excellent communication capabilities and user-friendly call control functions that allows you to maximize the potential of Skype for Business.

Plug n' play

The BTD 800 USB ML provides your computer with a rapid Bluetooth® connection to the headset without requiring any technical installation. This ensures an excellent voice and sound experience.

Increased range

Now you can get the freedom to move up to 25 meters / 82 feet from your PC with dongle – depending on your device and environment.

Security

The BTD 800 USB ML exclusively supports audio, therefore no data exchange is possible making it very secure for businesses.

Features and benefits:

- **Certified for Skype for Business** – simply plug in to your PC
- **Sennheiser Voice Clarity** – wideband sound for a natural listening experience
- **High quality audio mode** for enhanced music listening
- **Small size dongle** – easy to carry in your pocket and stays discretely plugged in to the PC
- **Peace of mind** – thanks to the 2 year international warranty

Package weight (incl. complete product and packaging)	61 g / 2.14 oz
Units in distributor master carton	40 pcs
Master carton weight incl. products	3.03 kg / 6.68 lbs
Dimension of master carton (L x H x W)	325 x 100 x 130 mm / 12.81 x 3.94 x 5.12 in
Unit pack/end user	1 pc
Warranty	2 years

Experience Sennheiser

Perfection is always relative: Users have different expectations from their headsets and speakerphones depending on their needs. For professional users, that need is to communicate as effectively as possible.

With Sennheiser's range of headsets and speakerphones, the combination of Sennheiser sound leadership, quality design and build – and a focus on real life usability – give the best performance possible in offices, contact centers and Unified Communications environments.

Please visit us at: www.sennheiser.com/cco

Sennheiser is one of the world's leading manufacturers of headphones, microphones, wireless transmission systems and high-quality headsets for both business and entertainment.

Drawing on the electro acoustics expertise of Sennheiser and the leading hearing healthcare specialist William Demant, Sennheiser Communications' wireless and wired headsets and speakerphones for contact centers, offices and Unified Communications professionals are the result of Sennheiser's and William Demant's joint leadership in sound quality, design, wearing comfort and hearing protection.
